Grade II Geotechnical Operator

Competence 2

Basic Knowledge of maintenance and operation of geotechnical equipment

Candidate Name:		Date:	
Activity Number (1,2, or 3):			

Performance Criteria: all of these must be assessed over a minimum of 3 work activities

Type of Evidence: Observation (O), Work Product (P), Written (W), Questioning (Q), Not Covered (N/C) or Not Applicable (N/A)

	Performance Criteria	Type of Evidence
a)	Demonstrates an understanding of the manufacture of a system	
b)	Demonstrates knowledge and compliance with company health and safety procedures	
c)	Demonstrates the ability to assist in the mobilisation and demobilisation the system	
d)	Demonstrates an understanding of system maintenance for equipment longevity	
e)	Demonstrates the ability to perform routine maintenance	
f)	Demonstrates the ability to perform all necessary health and safety requirements for basic setup	
g)	Demonstrates an understanding of the overall aim and purpose of the system	
h)	Demonstrates the understanding of when a system is working in manner as not to put harm to the system, other equipment or personnel	
i)	Demonstrates the understanding of when a system is working as stipulated by the client specifications	
j)	Demonstrates the understanding of identifying and reporting things that could affect decisions further down the line	
k)	Demonstrates the ability to perform all necessary health and safety requirements for basic operations	
l)	Demonstrate an understanding of weather imposed limits to mobilisation and operations, so that both are completed safely	
m)	Demonstrate an understanding of when there is a necessity for key maintenance of repair work on the system	
n)	Demonstrate the understanding of what events during operations would require a particular action	
o)	Demonstrates the understanding of the QHSE requirements if working limits of the system are breached	
p)	Demonstrate the ability to convey to ships crew what the working limits are
