

## Competence 1

## The ability to set up and operate online systems

*This meets the requirements of IMCA S/S21/000//07/7.2 & S/S31/000//07/7.2*

Candidate Name:		Date:	
Activity Number (1,2, or 3):			

**Performance Criteria:** all of these must be assessed over a minimum of 3 work activities

**Type of Evidence:** Observation (O), Work Product (P), Written (W), Questioning (Q), Not Covered (N/C) or Not Applicable (N/A)

Performance Criteria		Type of Evidence
a)	Demonstrates the ability to configure/check configuration of on-line systems	
b)	Demonstrates the ability to configure and verify all system inputs (e.g. navigation systems, survey sensors and input devices)	
c)	Demonstrates the ability to configure and verify all systems outputs (e.g. display, logging and recoding systems)	
d)	Demonstrates the ability to configure and verify geodetic and datum shift parameters	
e)	Demonstrates understanding of the online system components and their function within the overall system	
f)	Demonstrates the ability to power up online system components and bring system online	
g)	Demonstrates the ability to perform basic operations on survey system components e.g. checking system status	
h)	Demonstrates the ability to enable and disable system logging at required survey operations	
i)	Demonstrates the ability to monitor all system inputs and diagnose any data outage problems
